

Millennium Dental

Financial Policy

Payment for all dental treatment is due at the time of service,
unless alternate payment arrangements have been made with our office in advance.

We accept cash, checks, major credit cards and an outside financing option known as Care Credit.

If you have dental insurance:

Millennium Dental will diagnose the best course of treatment for you based on your dental health,
not your insurance coverage.

It is your responsibility to know and understand the contract between you and your insurance provider.

Millennium Dental cannot guarantee that any payments will be made by your insurance at any given
time.

Our office will do it's best to help you utilize your insurance benefits, estimate your patient portions,
and file your claims for you.

Ultimately, you will be responsible for payment for all treatment received,
regardless of any insurance status or determinations.
